Tollgrade Communications Honored by AT&T as Outstanding Supplier

PITTSBURGH, PA, June 17, 2008 – Commitment to excellence over the past year has earned Tollgrade Communications, Inc. (Nasdaq: TLGD), recognition as an outstanding supplier to affiliates of AT&T Inc. (NYSE: T), one of the world’s leading data, voice, wireless and Internet services providers.

“We are proud of our long-standing tradition and leadership position in providing unparalleled products and services to our worldwide customer base,” said Tim Harden, president of AT&T Supply Chain and Fleet Operations. “We’re successful on that front in large part thanks to suppliers like Tollgrade that consistently stood out in providing AT&T with better products, services or solutions.”

Tollgrade received one of 27 supplier recognition awards for its work in helping AT&T deliver outstanding service to its customers during the past year. Tollgrade was recognized for its contributions in the area of Product/Service performance.

“We are particularly proud that for the second consecutive year Tollgrade has received this special recognition by AT&T, one of our longtime customers,” said Joseph Ferrara, President and CEO of Tollgrade. “It gives all of our employees a great sense of accomplishment that our outstanding performance is consistently being recognized and appreciated by our valued customers,” added Ferrara.

As part of its annual supplier recognition program, AT&T took out a half-page ad in the June 11, 2008, edition of The Wall Street Journal to publicly thank the selected companies.

About Tollgrade

Tollgrade Communications, Inc. is a leading provider of network service assurance products and services for centralized test systems around the world. Tollgrade designs, engineers, markets and supports centralized test systems, test access and status monitoring products, and next generation network assurance technologies for the broadband marketplace. Tollgrade’s customers range from the top RBOCs (Regional Bell Operating Companies) and Cable providers, to numerous independent telecom, cable and broadband providers around the world. Tollgrade’s network testing, measurement and monitoring solutions support the infrastructure of cable and telecom companies offering current and emerging triple play services. Tollgrade, headquartered near Pittsburgh in Cheswick, Pa., and its products and customer reach span more embedded access lines than any other test and measurement supplier.
